Remarks

Amazing 1-story home with a HEATED POOL and incredible 15,000sf backyard!! This large 4-bedroom home was built with 2x6 construction, and is immaculate inside. Upgrades include 10-foot ceilings, 8-foot doors, new carpet, and plantation shutters. Luxurious kitchen with tons of storage space, granite counters, and a skylight that brightens up the space. All the appliances convey, including the washer/dryer set and new water softener, and the HVAC system was replaced in 2022. The master bedroom is split from the other bedrooms for privacy, and has its own door to access the backyard. The HUGE .35-acre lot is perfect for entertaining, with a pebble-tec pool surrounded by palm trees, lots of grass for playing, and a covered patio that spans the entire width of the house. Don't miss it!
